PRESS RELEASE

On Sunday, July 21, 2024, the Hancock Police Department responded to three different incidents that appeared to be politically motivated. Two of the incidents involved vehicles that were intentionally vandalized.

At approximately 5:45PM, in the 1600 blk of Anthony Street, the same subject driving an ATV (4-wheel) allegedly with intention to do harm drove into the residence yard, running over an 80-year-old male who was posting a political sign in his yard. The victim was transported to the hospital with serious injuries and remains in critical condition.

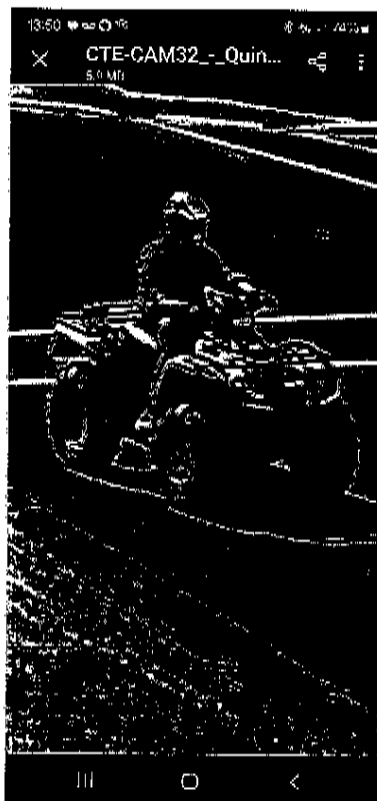

It is believed that the person driving the ATV is involved in all three incidents. Be aware, the subject appeared to target both Trump and Law Enforcement supporters.

The Hancock Police Department is looking for any help from the community in identifying the subject.
